

## Affordable, Pull-tight Plastic Cable Seal

1. Moulded with a high-impact ABS material with a galvanized steel wire rope. The high-resilient ABS material does not break easily but will clearly show evidence of tampering.
2. One end of the cable is permanently secured into the locking body.
3. The Mini Cable Lock 180 is etched with permanent laser marking for name, logo, sequential numbers and barcode. Laser marking offers the highest level of security as it cannot be removed or replaced.
